

Be That Dude

Jaheim

It's Jah Jah baby
Ooohhh
You're looking heavily
What I see
There's a beautiful girl alone in the bar
Sipping for mah drink this girl is a star
And she wants someone and the other
Right one come saying
Stopping in my ear that I don't hear her heart
Got a feeling in this girl if we feeling it right
Feeling but a good good look in our eyes
Got a I'm the right one girl I got the job
If you love me I could change your life
Shall we go like oohhh
How you fit alright in that dress
I wanna make you say oohhh
You know I really wanna get you undress

And if you let me girl ohhh
I can't even my mess
Got a beautiful skin hard to tease
Been found the words to say to her

Be the one that she choose (she choose)
I really wanna be that dude
I just gotta meet this girl
(I gonna make this girl in my foot so she can't refuse)
She can't refuse
And have me tell her, book a flight like tomorrow night right
And we'll go shopping where we less surely pack like

He no compare yow!
Coz he is square yow!
He ain't no shame that my game put my face down
One by one watching all go down in flame
Jah look different she could tell it ain't game
Smelling good like I should
Kept in hood like I should
Got the same old from all of these ladies

Shall we do like oohh
How you get that ass in that dress

You know i really wanna get you undress

And if you let me girl ohhh
