

## II Pink Lines

Jaheim

I named you Ja Jr. or Caron or Jayliah (A Daughter)  
I can't wait to meet ya and I hope you got your mother's eyes  
I'll b right here dear, waiting on the outside  
Already got it all mapped out  
Already buying baby bibs, cribs, and the bedroom (Baby Bedroom)  
Already love you more then myself,  
more then I've ever loved anybody else so

[R:]  
Hurry Up into my life.  
My Life, My Life  
Baby let me bring you into?  
My Life, My life  
Told me she was eating for 2 and the date u were due  
I cried, even if even if you were only 2 pink lines  
Only 9 months and you'll be mine  
Its only the best day of my life, simply as a plus or minus sign  
Love you were even with 2 pink lines

Going to be a Dad, cant pop or brag, I'm so excited.  
I remember the moment, it felt so right  
I can't believe we conceived  
It's a blessing that finally I could be a proud pops  
All the playing stops, tucking in my shirt, gotta go to work now  
And put it on the table; make the situation more stable for my baby

Its only the best day of my life, simply as a plus or minus sign.  
Loved you even when you were 2 pink lines.  
Honey what are you thinking, Baby Blue or Pink?  
I can't tell, sonogram reveals it all, Berets over Basketball  
Handsome in a room standing tall or in the crowd  
You're the pick of the pageant and lookin for your daddy,  
in 6 months we'll see.  
I don't care as long as you're here with me  
Told me she was eating for 2 and the date u were due.  
Even if even if you were only 2 pink lines.
