

## Just In Case

Jaheim

Just in case I don't make it home tonight  
Let me make love to you for the last time, baby  
Wanna cherish each moment like the last  
Cause baby you're all that I have  
So just in case

Think of how we made love almost anywhere  
Haven't I taken you almost everywhere  
Think of all the things that, that we shared  
Then imagine me not there, oh

Giving you more carrots than a rabbit  
Got you living lavish  
Anything I've got, you can have it  
Baby I'll do magic  
I'll do all I can, to keep you satisfied  
So just in case I don't make it home tonight, baby

Haven't I made you feel so special  
As your man I've held your hand  
Never letting go  
Let you hold the keys to the Lex, huh to drive  
Gave you all you need and more as long as I'm alive

Even from the heavens up above  
I'll shine out our love  
Too much is never enough  
Ooh you're all I want  
Even when I'm gone, your love will carry on  
It's just that strong  
So just in case

Baby, you know I love you  
More than anything in this whole world  
You're my anything, my everything  
My wife, my queen  
So if something happens to me  
There's something you need to know
