

## Like A DJ

Jaheim

Yea my baby  
Well  
It's crazy  
How you played me  
Oh yea  
How you played me  
How you played me  
Why Why'd you do it baby

When I was hitting  
I was in rotation off the charts (charts)  
Like number 2 with a bullet  
I was shooting straight for your heart (yea yea)  
But it looks like i'm slippin  
From that peak position  
Drop down on your list  
From top 10  
To not even being on your countdown

And so I wait (I wait)  
For you to come digging in the crates (oh yea)  
Blow off the dust  
So I could finally get some attention (ohh)  
Cause once you put the nigga on wax (yea)  
You can't just put me back (you can't just put me back)  
Just cut it up and scratch it  
And get back  
Cause your only gonna play me again

You fade me out  
And you blend him in  
I can't get no spin unless i'm requested  
She's something like a dj  
Who used to move the crowd  
Now the groove is all worn out  
I can't get no play  
She's something like a dj

I'm so in love with the way you work the one and two's (one and two's)  
But I can't help but be jealous  
The way your work them other dudes  
You get caught up skipping  
Girl just let me flip it (just let me flip it)  
I'll show you the remix baby  
Breaking records at the top  
For the number one spot

So I wait (I wait)  
For you to come digging in the crates (in the crates)  
Blow off the dust  
So I could finally get some attention  
Cause once you put the nigga on wax (yea)  
You can't just put me back (you can't just put me back)  
Just cut it up and scratch it  
And get back  
Cause your only gonna play me again

You fade me out  
And you blend him in  
I can't get no spin unless i'm requested  
She's something like a dj  
Who used to move the crowd  
Now the groove is all worn out  
I can't get no play  
She's something like a dj

Baby girl let's slow it down  
Like it's the last song of the night (last song of the night)  
We'll be dancing till the lights come on  
No need to switch it up  
Until you know the time is right (time is right)  
See you got me feeling like  
I'm your favorite song

You fade me out  
And you blend him in  
I can't get no spin unless i'm requested  
She's something like a dj  
Who used to move the crowd  
Now the groove is all worn out  
I can't get no play  
She's something like a dj

And just for the record baby  
My head is spinning  
My heart is turning  
And I'm yearning for your love
