

Long As I Live

Jaheim

Yeah yeah yeah, oh, long as I live.
Long as I live, handle my biz,
take care of our kids, cuz loving you is what it is, oh
long as I live, I vow to share with, you happiness and bliss,
cuz loving you is what it is

With this ring I thee wed, to share my life, to share my home,
to share my heart and my bed,
to not make you weak but strengthen you instead,
till death do us part,
from this day forth for all time baby,
here on earth and where angels fly,
gonna love you so much till it makes you cry,
with every beat of my heart, oooh

Long as I live, handle my biz, (I'm gonna handle my business)
take care of our kids, (Neicey, Julie, Lexis I love you) cuz lo
ving you is what it is, oh
long as I live, I vow to share with, you happiness and bliss,
cuz loving you is what it is

Before our God, I take this vow, (take this vow)
with family gathered around it's official now,
so take my hand and lets take a bow,
and together we will win,
a commitment to make a sacrifice,
I gladly give it all up I've made my mind,
just for being my friend, being my wife,
I'd do it all again

Wont you trust me, I will show you,
the type of man I was raised to be if you just let me,
slide this ring up, up on your finger, (on your finger girl)
cop the crib help raise the kids, yes i'll deliver,
promise to never let you down, oh no,
I promise to always be right there, i'll be around

Just as long as you say the words:
Long as I live, I vow to share with, you happiness and bliss,
cuz loving you, loving you is what...

Long as I live, I handle my biz, (I'm gonna handle my business)
take care of our kids, (Neicey, Julie, Lexis I love you) cuz lo
ving you is what it is, oh
long as I live, I vow to share with, you happiness and bliss,
cuz loving you is what it is
