Otha Half

Jaheim

As I clearly remember, it was the end of December,
In fact, it wasn't long ago
Just before we took it down, do you remember now?
Said a lot of disrespectful things, still in my head
And I been up stressing since,
Hoping and prayin.
I ain't walkin out, I just wanna talk it out
I got nothing but love for u baby,
But you're breakin my heart, driving me crazy.

[R:]
That's when my palms start sweating
And my brain starts thinking that,
I start chasing the Henny VSOP (Hennessey),
Bloodshots in my eyes from all the tears that I'v cried,
Duckin Jacob in the 2-door coupe
What we have is as real as it gets, I don't want to live with regrets..
Aint ate all week and im losing sleep
I'm trying hard to get you to see
That theres no you without me..
The love we built built from the ground
Is all coming down now, and aint no cookin at home
Since my baby's been gone..
I've done lost all kinds of weight
Still im keeping my faith, I just want you to know that
You're the other half of me
I don't know where we're headed
Now all I know is that I got it really, really, really bad…
Now it's been 3 whole months since we both split up
And ever since that day I been having bad luck,
I really didn't mean it I know sometimes I can be crazy
Baby but you're the one that drives me crazy.
But I can't see myself without you now,
Tell me how the hell that would sound..
Tell Me
