

# Whoa

Jaheim

Whoa I think I'm losing it  
Without you the harder it gets  
Being without your smile (without your touch)  
Sho nuff this is love that I'm feeling in everyway  
I need your healing only you can give me that feeling  
Girl you just don't know how I'm dealing with being so far away  
I'm anticipating everyday I'm seeing you again  
My homie lover friend  
Always holding me down thru the thick and thin  
And I'm grateful  
I gets on my knees and say thank you  
For the song you put inside me  
And its such the sweetest melody  
And its goes something like

Whoaaaa (the one and my only love)  
Shorty got me singing with the love she bringing  
She got my melody so I'm like whoaaaaa (mmmm my love)  
Don't ever take it away cause I need your love everyday  
So I'm like whoaaaaa (mmm my love)  
My shorty got my singing with the love she bringing  
I can hear it here it go my love

Like a drug to an addict that body for sure I gotta have it  
Something like an angel in disguise  
Baby you're the baddest thing in my eyes  
The first thing I do as soon as I get home  
Is call my darling baby on the telephone  
Cause I cant get comfortable til I know she fine  
I treat her like an diamond  
cause the girl is mine all mines  
Shorty knows she got my heart  
And I cant stand to be apart  
Cause it hurts me so  
You can hear it down deep in my soul

Whoaaa (the one and my only love)  
Shorty got my singing with the love she bringing  
I will like to hear it go so I'm like whoaaa (hmmm my love)  
Don't ever take it away (don't ever take it away)  
I need it like it everyday so I'm like whoaaa mmm my love

I can hear wedding bells they're ringing  
See your ring finger blinging  
We singing whoa lets go get ya licensed changed  
Change ya last name to my last name  
When you come around I'm like whoa  
When we get down your like whoa love slow flow  
I found love on the perfect note want to hear me go whoa

My Shorty got my singing  
With the love she bringing I will like to hear it go  
So I'm like whoaaa hmmm my love don't ever take it away (don't ever take it away)  
I need your love cause you make my body go whoa my love  
My baby got my body straight singing  
Like to hear it go so I'm like whoa

I need her in the morning I need her in the noontime
