She cocky as hell with no manners  
She's an emotional cancer  
Shawty put the syrup in the fanta  
She gon fuck me slow for the camera  
All the angles got her ass lookin phatter  
Keep it rolling we gotta unlimited data  
She's a city won't leave home  
She would rather ride with me than be alone  
Cashin out on everything that you want  
Is it Fendi, is it Fenty  
Is it Balenciaga you want?  
Don't tempt me, I'll have you mixed in  
Til you dizzy, until you dizzy  
Dizzy you got me

Dizzy you got me  
Dizzy you got me  
Dizzy you got me  
Dizzy you got me  
(Spending rent like you want me to)  
Dizzy you got me  
(Still pulling up when you say fall thru)

I met her on the west of Toronto  
And she done fucked a couple niggas I know  
But I fucked a couple bitches she chills with  
And I might spill it all when I'm tipsy  
No but I gotta plead the fifth, when I'm off the fifth  
Fuck that pour it up  
Shawty got a flight out to Texas  
Straight from the 416  
Tryna cash out, run it up  
I'm on the block with the gangsters  
And baby all your friends are money makers  
You still don't do favors  
When you're exhausted out from chasing papers  
You know what to do  
You're off that 1800 tipsy  
You're probably way too drunk to miss me  
And I done tasted around  
Got me dizzy right now

Dizzy you got me

Dizzy you got me  
Dizzy you got me  
Dizzy girl you got a nigga  
And you're a killer hands on the trigger
