

Granted

JAHKOY

I'm remembering the times
When you were only mine baby
Yeah
Now you flexing on the gram
With a hundred thousand likes
Yeah yeah yeah
Now I don't know that if I called
It would help you change your mind baby
I still think that I should try
Cause you be worth it all
Yeah yeah

I hope you wait for me one day
Cause now that you're gone
I go crazy babe
Cause you moving forward
With no replay
Just hit up my line
I'll be on my way
Wait for me one day (wait for me)
Cause now that you're gone
I go crazy babe (crazy babe)
Cause you moving forward
With no replay (no replay)
Play

Can't believe I took you for
Granted (granted)
Granted (granted)
Granted (granted)
Now I gotta fix all the
Damage (damage)
Damage (damage)
Damage
You got me out here stranded (oh ho)
It's getting hard to manage
Can't believe I took you for granted
Can't believe that I
Did that to you

Taking full responsibility
Said if I lied that you wouldn't fuck with me
Now it fucks with me bad
Cause I'm calling I'm calling
I need you real bad
I just shake it off like a salt shaker
Let me know what you want from me
And if you got an opening
When you check your schedule

I hope you wait for me one day (I hope you're waiting)
Cause now that you're gone
I go crazy babe (crazy baby)
Cause you moving forward
With no replay (ouu baby)
Just hit up my line
I'll be on my way (uh huh)

Wait for me one day (wait for me)
Cause now that you're gone
I go crazy babe (crazy babe)
Cause you moving forward
With no replay
Play
