

Man On Fire

JAHKOY

You lit me up
Get me hot
Now I'm sparking
Man on fire
Girl you do this to me often
You lit me up
Get me hot
Now I'm sparking
Baby I'm a walking flame
I just hope you feel the same way
My heart is on fire babe
Is on fire babe
I'm blowing smoke in the air
My heart is on fire babe
Is on fire babe

Let it burn just a little
It's better when it's hurts just a little baby
I don't want just anyone to hold (Just anyone to hold)
I want you and your beautiful soul
If you only knew
That I'm willing to
Give it all that I have to give
My flesh and bones
It's a burning sensation
(I can't get enough of your love so I'm pushing up on it)

You lit me up
Get me hot
Now I'm sparking
Man on fire
Girl you do this to me often
You lit me up
Get me hot
Now I'm sparking
Baby I'm a walking flame
I just hope you feel the same way
My heart is on fire babe
Is on fire babe
I'm blowing smoke in the air (I'm blowing smoke in the air)
My heart is on fire babe
Is on fire babe

(Fire babe, fire babe)
(Fire babe, my heart is on fire babe)

On the nights that you get lonely
I cancel on the homies
They can't hold me the way you hold me
I need more of you
And I'm burning up for you
(You know things get hot when I pull up)
Baby I'm burning up
Burning up, oh
Baby I'm burning up
