

Rearview

JAHKOY

Uh

Yeah, yeah, yeah, yeah

I waited 'round for you
But you treat me like a fool
31 days without your face
Did you find someone new?
Yeah, I still check up on you
And I know you probably do that too
My love is hopeless
Left me broke
This is something I been dying to do

Every time I hit your line
You hit decline
Baby, tell me why you gotta do like that?
You tryna leave
You wanna stay
I never know
Tell me why you gotta play me like that?
Jameson is pouring out
Want you here when I'm coming down
Used to pull up all the time
Used to pull up all the time

Now you're in my rearview
Looking, looking
Past you
Everything you did
To me
You had to
Now you're in my rearview
Looking, looking
Past you
Everything you did
To me
You had to

Used to pick you up after school (Skrtrt)
I would scoop you inside the coupe (Yeah)
Its been 365
Never thought I'd be alive
After all the love I gave to you

Every time I hit your line
You hit decline
Baby tell me why you gotta do like that?
You tryna leave
You wanna stay
I never know
Tell me why you gotta play me like that?
I remember the way you sound
In my car parked underground
Used to pull up all the time
Girl, you used to pull up all the time

Now you're in my rearview

Looking, looking
At you
Everything you did
To me
You had to
Now you're in my rearview
Looking, looking
Past you
Everything you did
To me
You had to

Used to pull up all the time
Used to pull up all the time
(Yeah, yeah, yeah, yeah)
Used to pull up all the time
Used to pull up all the time
(Yeah, yeah, yeah, yeah)
Used to pull up all the time
Used to pull up all the time
(Yeah, yeah)
Used to pull up all the time
Used to pull up all the time
(Yeah, yeah)
Used to pull up all the time
Used to pull up all the time

Now you're in my rearview
Looking, looking (Now you're in my rearview)
At you
Everything you did (The things you had on me)
To me
You had to
Now you're in my rearview
Looking, looking
Past you
Everything you did
To me
You had to
Now you're in my rearview
Looking, looking (Now you're in my rearview)
At you
Everything you did (Now you're in my rearview)
To me
You had to
Now you're in my rearview (Now you're in my rearview)
Looking, looking
Past you
Everything you did
To me
You had to
