

# Sweet Tooth

JAHKOY

I'm not tryna be rude  
I'm just me  
Tryna munch on it one more time  
Before I leave

Why say no?  
I'm stuck on you like a stain witcha  
I'm done playing these games witcha  
Why let go?  
You pitched me the product  
I was sold (I was sold)

Got me where you want me  
You can have me how you want  
There's a special place for you inside my heart  
Let's cut all the small talk  
I'm loving your dirty ways  
I got me a sweet tooth  
And you're looking like candy

Usually when the morning comes  
Then I'm gone  
But with you I wanna stay in bed  
And get it on  
3rd round was an appetizer  
I need more  
What else would I have all of this energy for?

Why say no? (Bet I could get you going)  
I'm stuck on you like a stain witcha (And I'm)  
I'm done playing these games witcha  
Why let go?  
You pitched me the product  
I was sold (I was sold)

Got me where you want me  
You can have me how you want  
There's a special place for you inside my heart  
Let's cut all the small talk  
I'm loving your dirty ways  
I got me a sweet tooth  
And you're looking like candy

I want you to be my candy yeah (I want candy)  
It's the way that you're looking  
You're so damn good looking (I want candy)  
And there's many flavors (I want candy)  
Couldn't tell you how much I really need it  
Could you be my (I want candy)  
I need it right now right here  
Right now right here (I want candy)  
If it's still something you want  
You can have my heart (I want candy)
