JAHKOY

IwannaBE

And I can take it there cause you know I need it  
It really ain't fair cause you know I mean it  
You got all of me, all of me at just one time  
Stay here with me, we'll be fine  
Yea, yea

I believe in your love  
So much I can't let it go  
You remind me of the sun  
You light up my day  
I'm watching you glow  
You're making me feel  
I'm all in the know and now you know  
Cause you been on my mind  
You been in my heart  
I'll give you all of mine girl  
Just tell me where to start  
I need to get it done  
That's cause you're the only one

You're the only one  
Yea yea  
Ooh  
Yea yea

I believe in your love  
So much I can't let it go  
You remind me of the sun  
You light up my day  
I'm watching you glow  
You're making me feel  
I'm all in the know and now you know  
Cause you been on my mind  
You been in my heart  
I'll give you all of mine girl  
Just tell me where to start  
I need to get it done  
That's cause you're the only one

And I can take it there cause you know I need it  
It really ain't fair cause you know I mean it  
You got all of me, all of me at just one time  
Stay here with me, we'll be fine

And it'd take me forever  
To be able to live without you  
It'd take me forever  
To be able to live without you

And I can take it there cause you know I need it  
It really ain't fair cause you know I mean it  
You got all of me, all of me at just one time  
Stay here with me, we'll be fine
