

Moon Rider

Jai Wolf

I would go anywhere you are
Nowhere is too far
Anywhere you are
Drivin' straight into the dark
Up the boulevard
Shootin' up the stars

Your head right on my shoulder
I swear I'll be a soldier
Just keep on let me closer
And if our days are numbered
We'll find each other somewhere
I see it every night come on

Anywhere you are
Oh anywhere you are
Anywhere you are
Anywhere you are

Your head right on my shoulder
I swear I'll be a soldier
Just keep on let me closer
And if our days are numbered
We'll find each other somewhere
I see it every night come on

Oh anywhere you are
Go anywhere you are
I would go anywhere you are
