

Dynabeat, you better keep it grooving  
Light up the other night  
Dynabeat, you better keep on dancing  
Dancing, now all the night  
Dynabeat, you better keep it grooving  
Light up the other night  
Dynabeat, you better keep on dancing  
Dancing, now all the night

Tick-tock time, tryna get the tempo  
Music is my way to make it all go  
Tick-tock time, tryna get the tempo  
Music is my way to make it all go  
I can't stop the clocks  
But I can make a rhythm out of it  
We are lit by the rhythm  
And the heartbeats flow  
Like it's in your dreams  
You feel the need to move

Dynabeat, you better keep it grooving  
Light up the other night  
Dynabeat, you better keep on dancing  
Dancing, now all the night  
Dynabeat, you better keep it grooving  
Light up the other night  
Dynabeat, you better keep on dancing  
Dancing, now all the night

All for one and one for all  
We raise our hands to push away the dawn  
All for one and one for all  
We raise our hands to push away the dawn  
Welcomes to night  
The demons we fly  
Love it or hate it  
But you have no other choice  
You have to realise  
That we are all living on a beat

Dynabeat, you better keep it grooving  
Light up the other night  
Dynabeat, you better keep on dancing  
Dancing, now all the night  
Dynabeat, you better keep it grooving  
Light up the other night  
Dynabeat, you better keep on dancing  
Dancing, now all the night  
Dynabeat, you better keep it grooving  
Light up the other night  
Dynabeat, you better keep on dancing  
Dancing, now all the night  
Dynabeat, you better keep it grooving  
Light up the other night  
Dynabeat, you better keep on dancing  
Dancing, now all the night

Light up the other night  
Dancing, now all the night  
Light up the other night  
Dancing, now all the night  
Light up the other night  
Dancing, now all the night  
Light up the other night  
Dancing, now all the night
