

Goodbye

Jain

We'll be dancing again
My rose in outer space

I keep my eyes on the starlight (Keep my eyes)
I keep my eyes on the starlight (Keep my eyes)
I keep my eyes on the starlight (Keep my eyes)
Keep my eyes
I keep my eyes on the starlight (Keep my eyes)
I keep my eyes on the starlight (Keep my eyes)
I keep my eyes on the starlight (Keep my eyes)
Keep my eyes

You'll be the heroin of my songs
Nobody feels the same

Keep my eyes
Keep my eyes
Keep my eyes
Eyes

Goodbye
I'll see you in the sky
Goodbye
Rose in my mind
Goodbye
I'll see you in the sky
Goodbye
Rose in my mind (Rose in my mind)
Goodbye
I'll see you in the sky
Goodbye (Goodbye, baby)
Rose in my mind (Rose in my mind)
Goodbye
I'll see you in the sky
Goodbye (Goodbye, baby)
Rose in my mind (Rose in my mind)

You'll be the heroin of my songs
Nobody feels the same
