

# Oh Man

Jain

She was your light and she had your heart  
The moment you saw her, she was the one  
You were just a kid and never felt the heat  
First love is deep when you don't expect it

For the first time in your life, you loved so much you could die  
For the first time in your life, you saw her, you could fly  
For the first time in your life, you loved her, she loved you back  
For the first time in your life, you felt alive

You better cry man, cry man, it only means you care  
You better cry man, you better love man  
You better love man, love man, it only means you share  
You better love man, you better cry man  
You better cry man, cry man, it only means you care  
You better cry man, you better love man  
You better love man, love man, it only means you share  
You better love man, you better cry man

Dancing in Rio, living the dream  
Before the time goes and takes the lead  
After a while she had to go  
In another country away from you

For the first time in your life, you loved so much you could die  
For the first time in your life, you saw her, you could fly  
For the first time in your life, you loved her, she loved you back  
For the first time in your life, you felt alive

You better cry man, cry man, it only means you care  
You better cry man, you better love man  
You better love man, love man, it only means you share  
You better love man, you better cry man  
You better cry man, cry man, it only means you care  
You better cry man, you better love man  
You better love man, love man, it only means you share  
You better love man, you better cry man

Don't give up the love around you  
Don't give up and tryna heal up  
Don't give up the feeling in you  
Don't give up and try to stand up  
Don't give up the love around you  
Don't give up and tryna heal up  
Don't give up the feeling in you  
Don't give up and try to stand up

You better cry man, cry man, it only means you care  
You better cry man, you better love man  
You better love man, love man, it only means you share  
You better love man, you better cry man  
You better cry man, cry man, it only means you care  
You better cry man, you better love man  
You better love man, love man, it only means you share  
You better love man, you better cry man
