

# Souldier

Jain

He's a souldier  
Yeah, he's a souldier  
And he's a souldier  
He's a souldier

I saw him with my eyes, bearing roses in his arms  
Yeah, I saw him with my eyes, spreading his love all around  
And nobody, nobody can stop him as he walks down in the street  
Nobody, nobody can stop him as he fighting for his dreams

But he's a souldier  
Yeah, he's a souldier  
And he's a souldier  
He's a souldier  
And he's a souldier  
Yeah, he's a souldier  
And he's a souldier  
He's a souldier

And we must now keep in our minds that love is always right  
Yeah, we must now keep in our minds that love is a power we have  
A rainbow in his eyes and a song to make him smile  
Yeah, a rainbow in his eyes and a flower on his mind

But he's a souldier  
Yeah, he's a souldier  
And he's a souldier  
He's a souldier  
And he's a souldier  
Yeah, he's a souldier  
And he's a souldier  
He's a souldier

He is fighting and fighting for love now  
He is fighting and fighting for some more  
Yeah, he is fighting and fighting for love now  
He is fighting and fighting for some more  
And, he is fighting and fighting for love now  
He is fighting and fighting for some more  
Yeah, he is fighting and fighting for love now  
He is fighting and fighting for some more

But he's a souldier  
Yeah, he's a souldier  
And he's a souldier  
He's a souldier  
He's a souldier  
He's a souldier
