Do you think it's possible to turn that music dance? That music is for everyone..

That music is all they have...

I don't wanna cry

At the first stroke it will be twelve, the clock five

Hey baby, come on in, i've been waiting for you..

I want you just to stop for a minute

And think about how much we have together

Can you see my vision Can you see my vision

I want you just to stop for a minute And think about how much we have together...
