

All Kinds of People

Jake Bugg

Ziggy was whiz kid
Now he lives in LA
Jimmy's on the handouts
And that's where he's gonna stay

We're all just trying to find our way, every day

Dizzy's all around town
Busy selling cheap highs
Danny thought he had it made
Now he's doing hard time

'Cause we're all just trying to find our way, every day

Hey
What do you say?
We're all kinds of people
But we're all the same
I said hey
What do you say?
We're all kinds of people
We're all kinds of right and wrong
Tryna find where we belong
We're all kinds of people

Mickey's never coming down
But he can barely stand up
Suzie gives it all away
She only ever wanted love

'Cause we're all just trying to find our way, every day

Hey
What do you say?
We're all kinds of people
But we're all the same
I said hey
What do you say?
We're all kinds of people
We're all kinds of right and wrong
Tryna find where we belong
We're all kinds of people

Hey
What do you say?
We're all kinds of people
But we're all the same
I said hey
What do you say?
We're all kinds of people
We're all kinds of right and wrong
Tryna find where we belong
We're all kinds of people
We're all kinds of people
