Bigger Lover

Jake Bugg

Million times a day I think of my lover
I don't know we're both missing each other
If I didn't have you I think I'd suffer
I'd be lying if I said I didn't love her

All the emotions that you deliver
Straighten our lives when we're together
Eating our love just like a killer
The thought of losing you makes me shiver

I know that I want you forever
Losing you I hope will be never
I know I'm not being very clever
You got my mind running deep

When you're gone for weeks
My nerves won't let me sleep
My hope's strong when I'm weak
You got my heart on my sleeve

Few times a day I think of my lover
One of us I know is missing the other
Without me, I don't think you would suffer
Friends tell me I'm crazy that I love her

All the commotion that I deliver
Paint your life when we're together
Drinking our lust just like a killer
The thought of losing you is worse than ever

I know you don't want me forever
Losing this life I hope will be never
Never thought a girl could be any better
You got my mind running deep

When you're gone for weeks
My nerves won't let me sleep
My hope's strong when I'm weak
You got my heart on my sleeve

When you're gone for weeks
My nerves won't let me sleep
My hope's strong when I'm weak
You got my heart on my sleeve
