

# Burn Alone

Jake Bugg

You said we could take a break because it's stupid to fight  
I said I could hardly wait to see how long you could last  
You said you could not imagine all the pain that I've seen  
I said you don't understand the way you haunt my dreams

I can take a tumble to the side of the road  
If you are the precious type you need to explode  
I can make it to the fire  
I can make my way home  
Don't you leave your light on  
And burn alone  
I can't burn alone  
I could burn alone

If you are the Jesus with the cross to bear  
Early gets the heaven he ain't going nowhere  
Just like every steady seed has got a step on it's back  
There's nothing waiting for it at the end of the track

I can take a tumble to the side of the road  
If you are the precious type you need to explode  
I can make it to the fire  
I can make my way home  
Don't you leave your light on  
I could burn alone  
I could burn alone

We keep it light  
After such a night  
Crawling through the great unknown  
After what's been said  
Baby in my head  
I can feel it in my bones  
I can burn alone  
I can burn alone  
I can burn alone  
I can burn alone
