

# Downtown

Jake Bugg

Help me it's all moving too fast  
Weeks gone and I don't get 'em back  
Head's about to burst  
Shooting down back to Earth

Held deep in a poisonous mind  
Help you find the words  
Live and I'll help you learn

You'll never be alone  
You'll never be alone  
If you're out there  
Just hear me call

And follow me now, follow me now  
Follow me down, follow me downtown  
Summer nights we'd go, summer nights we'd go raving  
You'll never be alone, you'll never be alone

It's nice to see you up off the floor  
No clue of the night before  
Glow back in your eyes  
I know what it's like

You'll never be alone  
You'll never be alone  
If you're out there  
Just hear me call

Follow me now, follow me now  
Follow me down, follow me downtown  
Summer nights we'd go, summer nights we'd go raving  
You'll never be alone, you'll never be alone

In the summertime, in the summertime  
In the summertime now  
In the summertime now  
In the summertime now  
In the summertime now
