Hold Tight

Jake Bugg

Time is movin' fast, no goin' back
Watch it beat in the rearview
Life is but a dream
How will they remember me?
It's gone in a moment
Time is movin' fast, no goin' back
To the people who loved you
Make your memories
How will they remember me?
It's gone in a moment

Highlight reels and soundtracks
Filling phones with photographs
Hold tight 'cause none of it lasts
All the tears and all the laughs
Lovers we left in the past
Hold tight 'cause none of it lasts
How will you remember me?
It's gone in a moment

Time is all you have, no goin' back
Yesterday's gone tomorrow
I will never see
How will they remember me?
It's gone in a moment

Highlight reels and soundtracks
Filling phones with photographs
Hold tight 'cause none of it lasts
All the tears and all the laughs
Lovers we left in the past
Hold tight 'cause none of it lasts
How will you remember me?
It's gone in a moment

How will you remember me?
How will you remember me?
