Lonely Hours

Jake Bugg

I'm in the darkness
And everybody talk less now
Know who's really listening
'Til the music kicks in loud

I let it out, let it out

Lonely hours
Lonely hours
Missin' you
Lonely hours
Lonely hours
Missin' you
Missin' you

Sleepin' alone but awake for the breakdown
Makin' an easy, escape with the lights out

I let it out, let it out

Lonely hours
Lonely hours
Missin' you
Lonely hours
Lonely hours
Missin' you
Missin' you
Lonely hours

Sleepin' alone but awake for the breakdown
Makin' an easy, escape with the lights out

I let it out, let it out
Lonely hours

Lonely hours
Lonely hours
Missin' you
Lonely hours
