

Never Said Goodbye

Jake Bugg

I couldn't cry when I heard the news
I told myself it wasn't true
Told myself it wasn't you
Saw your message on my phone
You only sent two days ago
You sent it just to say hello
And I'm sorry

I never said goodbye
I thought we had more time
I thought you'd always be
Standing next to me
And if I only knew
We had so much to lose
It tears me up inside
That I never said goodbye

I thought I saw you yesterday
On a crowded morning train
I almost called your name
And for a second it was real
If only time could stand still
'Cause it's just too hard to feel

And I'm sorry
I never said goodbye
I thought we had more time
I thought you'd always be
Standing next to me
And if I only knew
We had so much to lose
It tears me up inside
That I never said goodbye

It was never on my mind
I wish that you could see
You're still a part of me

I never said goodbye
I thought we had more time
I thought you'd always be
Standing next to me
And if I only knew
We had so much to lose
It tears me up inside
That I never said goodbye

That I never said goodbye
I never said goodbye
