

Saffron

Jake Bugg

I don't mean to waste your time
I hope you're doing fine
Oh, I'm gone, Saffron

And I hope you like this song,
What have I done wrong,
Oh, I'm gone, Saffron

Something different about that girl,
So mean and out of this world,
I want her to be mine,
And I hope you're doing fine, Saffron
Saffron

Her beauty is beyond belief,
And I know I'm beneath your league, Saffron

Something different about that girl,
So mean and out of this world
I want her to be mine
And I hope you're doing fine, Saffron
Saffron

I don't mean to waste your time
I hope you're doing fine
Oh, I'm gone, Saffron
