Scene

Jake Bugg

Hey, did I ever really hurt you?
Or did you really have to say goodbye?
Well, I saw another side of you that night

You were tired but you covered with makeup
Always something that you wanna run away from
I thought I knew you so I never had to say too much
Say too much
I should've known

Ooh, you were flipping out of nowhere
Nowhere, nowhere
That's not you
Did you really have to go there
Go there, go there?
My God, wait

Did I ever really hurt you?
Or did you really have to say goodbye?
Well, I saw another side of you that night

Did I ever really hurt you?
Or is it just the way you are when you sleep?
Well, you didn't have to go and make a scene

In the middle of the bar with all your friends there
Painting me to be the villain and it ain't fair
My lips were kissed and now they're bleeding
And we're breaking up, breaking up
I should've known

Ooh, you were flipping out of nowhere
Nowhere, nowhere
That's not you
Did you really have to go there
Go there, go there?
My God, wait

Did I ever really hurt you?
Or did you really have to say goodbye?
Well, I saw another side of you that night

Did I ever really hurt you?
Or is it just the way you are when you sleep?
Well, you didn't have to go and make a scene

Na, na, na, na
Na, na, na, na
Well, you didn't have to go and make a scene
Na, na, na, na
Na, na, na, na
Well, you didn't have to go and make a scene

Did I ever really hurt you?
Or did you really have to say goodbye?
Well, I saw another side of you that night

Did I ever really hurt you?
Or is it just the way you are when you sleep?
Well, you didn't have to go and make a scene

Na, na, na, na
Na, na, na, na
Well, you didn't have to go and make a scene
Na, na, na, na
Na, na, na, na
Well, you didn't have to go and make a scene
