

# Screaming

Jake Bugg

Everyone's out for the kill  
Doin' it just for the thrill  
Someone save me, save me from the void  
The dark can never fill  
Past the point of sittin' still  
Can't get hurt and maybe I never will

'Cause I'm screaming  
My head, I'm stuck inside  
Dreaming, and I don't know how to stop  
Don't know how to stop  
Ah, ah-ah, ah  
Just scream inside my heart

Wake up to the settin' sun  
I've been on it all night long  
The sky is fallin', heaven's callin' me  
Oh, Father, what's to come?  
Stuck in, starin' at the walls  
Drive me home before I take the wheel

'Cause I'm screaming  
My head, I'm stuck inside  
Dreaming, and I don't know how to stop  
Don't know how to stop  
Ah, ah-ah, ah  
Just scream inside my heart

Can you hear me, can you hear me  
Just scream inside my heart?  
Can you hear me, can you hear me  
Just scream inside my heart?

Oh Heaven, can you hear me?  
Can you get me through the night?  
Oh Heaven, can you hear me?  
Can you get me through the night?

'Cause I'm screaming  
My head, I'm stuck inside  
Dreaming, and I don't know how to stop  
Don't know how to stop  
Ah, ah-ah, ah  
Just scream inside my heart

Can you hear me, can you hear me?  
Just scream inside my heart  
Can you hear me, can you hear me?  
Just scream inside my heart

Can you hear me, can you hear me?  
Just scream inside my heart  
Can you hear me, can you hear me?  
Just scream inside my heart
