Still Got Time

Jake Bugg

```
I've been hanging on
To all the things that only drag me down
(Drag me down)
Now, I'm slipping under
Drowning in the tears and all my doubts
Can't get out

Trying to believe, dying to believe in what you told me
What you told me

Don't stop dreaming, I know we've still got time
Don't stop dreaming, we'll make it out alive

I've been on the ropes
Trying to stop the lights from going out
Is it too late to surrender?
Am I too far down the road to turn around
To get back now?

Trying to believe, dying to believe in what you told me
Yeah, what you told me

Don't stop dreaming, I know we've still got time
Don't stop dreaming, we'll make it out alive

Trying to believe, dying to believe in what you told me
What you told me

Don't stop dreaming, I know we've still got time
Don't stop dreaming, we'll make it out alive
Don't stop dreaming, I know we've still got time
Don't stop dreaming, we'll make it out alive
Don't stop
```
