

Waiting for the World

Jake Bugg

Time flies, blink of an eye
My life passing me by
Waiting for a change of luck
'Cause staying alive is all I've got

I'm done with being nothing
Just wanna feel something

I got so many ways that I can waste my time
I've been sleeping all day and staying up all night
Getting out my head to keep me outta my mind
Taking anything with anyone I can find

So done with being nothing
Just wanna feel something

I've been waiting, waiting for the world
But the world won't wait for me
And I'm so tired of waiting for the world
'Cause it ain't doing nothing for me

Sparks fly, there's a riot inside
Flying off the handle and I don't know why
Looking for a future, all I'm seeing is red
I hear tick tock, there's a bomb in my head

I'm done with being nothing
Just wanna feel something

I've been waiting, waiting for the world
But the world won't wait for me
And I'm so, so tired of waiting for the world
'Cause it ain't doing nothing for me

Everybody's telling me that I'm my own worst enemy
But apathy or destiny, I need to see what's on the other side

And I'm so tired of waiting for the world
'Cause it ain't doing nothing for me
Ain't doing nothing for me
'Cause it ain't doing nothing for me
