

# Fly Away

Jake Miller

Keep moving on  
Gotta keep the dream alive  
Even when the road is gone  
I get back up and realise  
I keep on living day by day  
No matter what's in my way

Keep pushing and let me fly away  
Fly away  
Let me fly away  
Fly away

Yeah (Let me fly)  
Have you ever wanted something so bad that you can piratically taste it  
To the point you would give up everything to chase it  
Faced with people telling you that you'll never make it  
But your time is now and you ain't 'bout to waste it all you're life you've waited  
Have you ever felt like breaking down?  
Cause you have a dream that people can't seem to wrap their head around  
No nothing bout me but they quick to doubt me  
Looking at me funny like my name was Mike Wazoski

But you gotta keep on pushing through it  
We all got a dream but only if you are brave enough to pursue it  
Cause there is no express lane on the road to the top  
They gon try to slow you down try to force you to stop

That's when you look em in the eyes raise your middle finger high  
Tell em you can't hold me down baby I was born to fly  
If you want it bad enough there's nothing you can do  
Cause I am living breathing proof that dreams come true

Keep moving on  
Gotta keep the dream alive  
Even when the road is gone  
I get back up and realise  
I keep on living day by day  
No matter what's in my way

Keep pushing and let me fly away  
Fly away  
Let me fly away  
Fly away  
Let me fly

Yeah did you ever feel alone like it's you against the world like you have to run your own  
You calling out for help but noone's picking up the phone  
Well now they calling back but leave your message at the tone  
Cause when things turn real that's when people turn fake  
They love you when you're something but hate you when you ain't  
Damn, but regardless the one that go the farthest is the one that tunes em out  
And just keep working his hardest  
I used to walk around with my head down  
Sometimes I thought about giving up

But baby take a look at where I'm at now

That's when you look em in the eyes raise your middle finger high  
Tell em you can't hold me down baby I was born to fly  
If you want it bad enough there's nothing you can do  
Cause I am living breathing proof that dreams come true

Keep moving on  
Gotta keep the dream alive  
Even when the road is gone  
I get back up and realise  
I keep on living day by day  
No matter what's in my way

Keep pushing and let me fly away  
Fly away  
Let me fly away  
Fly away  
Let me fly

I keep on living day by day  
No matter what's in my way

Keep pushing and let me fly away  
Fly away  
Let me fly away  
Fly away  
Let me fly  
  
Let me fly  
Let me fly away
