

# I Bought A Ring

Jake Miller

I took a flight, overnight  
With only one thing on my mind  
And I'm so nervous I can't sleep  
She's back at home, she doesn't know  
That I got diamonds, I got gold  
In the pocket of my jeans

Cause I did a thing  
I can't believe it  
I bought a ring  
Now all I'm thinkin is  
I don't wanna wait one more day  
To put it on you  
When you're not home  
I sit and stare at it  
All day long  
So sick of hidin' it  
I don't wanna wait one more day  
To put it on you  
I can't wait, can't wait  
I can't wait can't wait  
I can't wait, can't wait  
To put it on you

Oh shit, I think it's 'bout time  
Yeah it's been 3 years but feels like a lifetime  
I wanna make it real, I wanna make you mine  
I wanna spend my days swimmin' in your brown eyes  
And I still don't know how I'm gonna do it  
Or how I'm gonna say a word without cryin' through it  
I'll be down on one knee  
Askin' will you marry me?  
From the day that we met, yeah I always knew it

So I did a thing  
I can't believe it  
I bought a ring  
Now all I'm thinkin is  
I don't wanna wait one more day  
To put it on you  
When you're not home  
I sit and stare at it  
All day long  
So sick of hidin' it  
I don't wanna wait one more day  
To put it on you  
I can't wait, can't wait  
I can't wait can't wait  
I can't wait, can't wait  
To put it on you
