

# I'm Alright

Jake Miller

Today I met a man, sittin' on the corner  
He was holdin' out his hand, had a couple quarters  
That he saved up in a can, I think i heard him whisper that you'll never und  
erstand

Damn, no place to call his home said he lives alone so he's forced to roam  
With a shopping cart filled to the top with every thing he owns  
A smile on his face, yep there he stood  
He was holdin' up sign sayin' life is good  
Man, I wonder what it'd be like, a day in his shoes  
I guess when you got nothin', you got nothin' to lose  
He said boy, don't you pity me, I'm still standin' tall  
As a matter of fact, I got it all

I got life, I got love  
I got faith and that's enough  
We feel sorrow, we feel pain  
But there's sunshine after rain  
So I'm alright (you'll be fine, take it one day at time)  
So I'm alright (said you'll be fine, take it one day at time)

Today I met a man makes a couple hundred grand  
Always stressin' out got 2 cell phones in his hand  
Lives the country club life, think he's on his 3rd wife  
Never makes it home for dinner cause he's workin' every night  
5 cars in the garage, 4 he's never drivin'  
Always wantin' more than just the life that he's been given  
Gotta strange obsession with material possessions  
Now he's always poppin' Prozac to battle his depression  
He's got everything he's ever wanted, and he's always tryin' to flaunt it  
But now it's all comin' back to haunt him  
Mistaken want's important in life for all the pointless stuff  
For some people, everything's just not enough

I got life, I got love  
I got faith and that's enough  
We feel sorrow, we feel pain  
But there's sunshine after rain  
So I'm alright (you'll be fine, take it one day at time)  
So I'm alright (said you'll be fine, take it one day at time)

You gotta keep goin', never give it up  
You only live once, might as well live it up  
Every breath I take is a reason to believe  
That the finest things in life, came to me for free  
Said you gotta keep goin', never give it up  
You only live once, might as well live it up  
Every breath I take is a reason to believe  
That the finest things in life, came to me for free

I got life, I got love  
I got faith and that's enough  
We feel sorrow, we feel pain  
But there's sunshine after rain  
So I'm alright (you'll be fine, take it one day at time)  
So I'm alright (said you'll be fine, take it one day at time)

Yeah, you got, nothing to lose, haha
