

On My Way

Jake Miller

And I've been waitin' all these on my life (on my life)
And now that is mine, I'll never let it slip away (let it slip away)
The way that I feel right now it feels so right (feels so right)
'Cause I, I'm on my way

Yeah

I wanted this for every year I needed this for so long
But now I'm on my way consider this my theme song
And if you gotta dream too you should sing along
Story of an underdog fightin' up to stay strong
I'm kinda good at math, I hate just to bring me down
And now the kid is getting loved from everybody in the town
People asks for autographs whenever they see me around
Feelin' something like a king someone could get me a crown
You can call me Mr. West, you can tell me nothing now
Center stage, people loving me so I'm gonna take a bow
Best believe I'm getting big, I'm almost high growing out
Trying hard to make it out, I just figured out how
Yeah, and I never thought I never see the day listening to the radio
And hear my record starts to play
I swear to God this feeling nothing you could take away
I ain't sayin' that I made it
I'm just on my way

And I've been waitin' all these on my life (on my life)
And now that is mine, I'll never let it slip away (let it slip away)
The way that I feel right now it feels so right (feels so right)
'Cause I, I'm on my way

Yeah, and if they try to bring you down that means you are above them
Honestly, they motivate me so I'm gotta love 'em
Got a fight until I get it, I promise that I will make it there
So beware cause everywhere you go and you will see me there
In the paper, in the magazines and on the television
My eyes sight is 20/20 yeah I got a vision
I will let nobody try gettin' my way
'Cause I don't give a damn about what you gonna say
I'm too busy tryin' to make myself a name
I'm taking this to higher level like I'm playing video games
And now I'm bumpin' up for any and I'm just shifting to another gear
Grammy's 2012, Best New Artist of the Year
I can see it now yeah, I keep on playing in my mind
Just a rapper on his grind, like I said I'm getting mine
Now I'm just on a journey I don't know my destination
But I'm gonna keep it going until I take over the nation

And I've been waitin' all these on my life (on my life)
And now that is mine, I'll never let it slip away (let it slip away)
The way that I feel right now it feels so right (feels so right)
'Cause I, I'm on my way

When you gotta lot of hits and you know you're the shit can you on your way
And when you wall up in the news and your words get confused and you're on your way
And when you walk on the club and the chicks is showing love then you on your way
And when you living at your dreams, whatever that means then you're on your way

way

And I've been waitin' all these on my life (on my life)
And now that is mine, I'll never let it slip away (let it slip away)
The way that I feel right now it feels so right (feels so right)
'Cause I, I'm on my way

I'm on my way...
