

Only Always

Jake Miller

Only all
Oh only always
Only all
Oh only always

Here we are 25 feet apart
Never thought that I'd see you again
Kinda weird after all of these years
You don't look any different

And I
Said I was over, us being over
What a lie
You were only the love of my life

Now you're the one that got away
And I'm the one that should've stayed
With your hands on my hips
I still reminisce about those days
Oh only always

Wish we could just start over
We were kids, now we're ten years older
But if you wonder if
If I'm still thinking about you, babe
Oh only always

Only all
Oh only always
Only all
Oh only always
Only all
Oh only always
Only all
Oh only always

I'd be lying if I said I didn't see you
In strangers' eyes
And your best friends told me that you moved on
Always wondered if they were right

Oh, I don't wanna know if you're going home
To somebody else or you're all alone
It still keeps me up at night
I lied
You were only the love of my life

Now you're the one that got away
And I'm the one that should've stayed
With your hands on my hips
I still reminisce about those days
Oh only always

Wish we could just start over (Just start over)
We were kids, now we're ten years older
But if you wonder if
If I'm still thinking about you, babe

Oh only always

Only all

Oh only always

Only all

Oh only always

Only all

Oh only always

Only all

Oh only always

I only think of us on the days that end in "y"

I only think of us when the sun or the moon's in the sky
