

# Runnin

Jake Miller

Yeah, uh  
Pack your bags and let's go  
First thing tomorrow morning  
Say goodbye to all that we know  
Leave a note in your room as a warning  
That you took a lifelong vacation  
And you probably won't return home  
Don't care about the destination as long as we are alone  
When sun comes up let's roll grab your stuff let's go  
We on cruise control  
(yeah we on cruise control)  
Top back with the windows down  
Yeah girl let's teach this town  
Start a new chapter  
Write a new story baby let's hit the ground

Running Pack your bags baby let's go  
Stop at nothing, nothing, nothing  
Flying down the open road  
Yeah  
Let's keep on runnin baby,  
Let's keep on runnin  
We'll leave it all behind,  
We won't stop at nothing  
Just keep on running baby  
Just keep on running Hit the ground runnin  
Uh, yeah

Let's start this journey  
We could wake up extra early  
And leave all the world still sleepin  
Just follow me and don't worry  
Yeah  
Your heart's my compass  
I could take you wherever you please  
I'll even let you drive, baby girl  
Just take my keys  
When the sun comes up  
Let's roll grab your stuff  
Let's go we on cruise control  
(yeah we on cruise control)  
Top back with the windows down  
Yeah girl let's teach this town  
Start a new chapter  
Write a new story  
Baby let's hit the ground

Running Pack your bags baby let's go  
Stop at nothing, nothing, nothing  
Flying down the open road  
Yeah  
Let's keep on runnin baby,  
Let's keep on runnin  
We'll leave it all behind,  
We won't stop at nothing  
Just keep on running baby  
Just keep on running Hit the ground runnin

Uh, yeah

Yeah we be rockin and rollin  
There ain't no stopping or slowin  
Yeah we be comin and goin  
Leavin town with no warnin  
Woah  
Woah

Lets hit the ground  
Runnin' Pack you bags baby lets go  
Stop at nothing, nothing, nothing
