

## Suitcase

Jake Miller

We gone pack a suitcase up  
We gone catch a train called love  
Conquer the world, the world, the world  
Me and my girl, my girl, my girl

We gone pack a suitcase up  
We gone catch a train called love  
Conquer the world, the world, the world  
Me and my girl, my girl, my girl

Yeah,  
We could run away now  
We could run away now  
Hop on a train, should be coming any day now  
We could be anything, just me and my girl  
If just you and me, young and free, conquering the world  
Doesn't matter where its taking us  
Yeah this train was made for us  
Let's hit the ground running, like someone is chasing us  
We outlaws in our prime, but we don't got to much time  
Close your eyes, take a leap and you'll be fine  
Baby

We gone pack a suitcase up  
We gone catch a train called love  
Conquer the world, the world, the world  
Me and my girl, my girl, my girl

We gone pack a suitcase up  
We gone catch a train called love  
Conquer the world, the world, the world  
Me and my girl, my girl, my girl

Yeah,  
We could run away now  
We could run away now  
Where you wanna go the world is nothing but our playground  
Can't you see all I need is you here by my side  
So let's jump in side this train, and we gone take it for a ride  
Let's escape to paradise  
When ya get there you'll be thinking twice  
About never going back to the world we know  
Gone back and living that normal life  
So follow me like I'm pack man  
Waving goodbye to the pass tans girl this train is leaving  
This is our last chance

We gone pack a suitcase up  
We gone catch a train called love  
Conquer the world, the world, the world  
Me and my girl, my girl, my girl

We gone pack a suitcase up  
We gone catch a train called love  
Conquer the world, the world, the world  
Me and my girl, my girl, my girl

Let's go  
Baby, let's go  
Come on, let's go  
Catch a train called love

We gone pack a suitcase up  
We gone catch a train called love  
Conquer the world, the world, the world  
Me and my girl, my girl, my girl

We gone pack a suitcase up  
We gone catch a train called love  
Conquer the world, the world, the world  
Me and my girl, my girl, my girl
