

Hard Not to Love You

Jake Owen

I've always been the kind of man to jump the gun, and cut and run

Stayin' one step ahead of that ol' ball and chain

Settlin' down never crossed my mind, it was easier to leave the knot untied

It looks like a lot of things have changed

You're makin' it hard not to love you, makin' it tough on a man like me

Who's always found a way to get around this kind of thing

'Cause when you put your lovin' on me, I can't help feelin' like I do

Girl, you're makin' it hard not to love you

This mornin' when you kissed my cheek, I was sufferin' from lack of sleep

'Cause we stayed up makin' love half the night

Well, I must have got my second wind 'cause just like that it was on again

Nothing's ever been easier for me in all my life

Girl, you're makin' it hard not to love you, makin' it tough on a man like me

Who's always found a way to get around this kind of thing

'Cause when you put your lovin' on me, I can't help feelin' like I do

Girl, you're makin' it hard not to love you

And baby when you put your lovin' on me, I can't help feelin' like I do

Girl, you're makin' it hard not to love you

Baby, you're makin' it hard not to love you

Hard not to love you

Yeah, you're makin' it hard
