

## Never Could Toe The Mark

Jake Owen

I've always loved the ladies  
Ladies love the games  
Seems the things they want the most is  
They always want to change

The only thing that changes in my mind  
Is I never could toe the mark  
And I never could walk the line

Some things don't come easy  
Others should be free  
I'd gladly give my heart to you  
But the rest belongs to me

I don't mean to be no waste of time  
But I never could toe the mark  
And I never could walk the line

I like Southern Comfort  
It does a thing on me  
Takes me home to a gentle touch  
And wants what's left to me

She's got her own space and I've got mine  
She don't toe the mark  
And I never could walk the line

She's got her own space and I've got mine  
Yes she don't toe the mark  
And I don't walk the line
