

# The One That Got Away

Jake Owen

She rolled in  
My little sandy town  
She spent the summer there  
A couple houses down  
Well it was magic in the air  
When she caught my eye  
We shared three short months  
And one long goodbye

She was the one that got away  
The one that wrecked my heart  
I should've never let her go  
I should've begged her to stay  
She was the one that got away  
Yeah, the one that got away

Well she kissed my lips  
Down on Ocean Drive  
She set my world on fire  
On the fourth of July  
We wrote our names in the sand  
Under the star-soaked sky  
But it washed away like she did  
With the rising tide

She was the one that got away  
The one that wrecked my heart  
I should've never let her go  
I should've begged her to stay  
She was the one that got away

Every summer that rolls around  
I'm looking over my shoulder  
Wishing I could see her face  
Wishing I could hold her

She was the one that got away  
The one that wrecked my heart  
I should've never let her go  
I should've begged her to stay  
She was the one that got away

Yeah, she was the one that got away  
The one that wrecked my heart  
I should've never let her go  
I should've begged her to stay  
She was the one that got away  
She was the one that got away

She rolled in  
My little sandy town  
She spent the summer there  
A couple houses down
