

# You'd Think

Jake Owen

You'd think by now I'd know better  
You'd think I'd learn, get burned, forget her

She'll break my heart again if I let her  
I swore last time would be the last time I let her  
You'd think by now I'd know better

Fool me once  
Shame on you  
Fool me twice  
Now who's fooling who?

You'd think by now I'd know

She'll break my heart again if I'd let her  
I swore last time, this time I'd forget her  
You'd think by now I'd know better  
You'd think by now I'd know
