

Heaven In My Head

Jake Wesley Rogers

What a journey you just made
No one else could take
Credit for the pavement you just paved
You were walking fast
They're falling on their ass
Paying for the tickets in the grass

She got what you want (want)
He got what you need (need)
Give it to them baby, baby please
You know how it goes
When my lighting starts to glow
They'll be lining up the block to fill their bottles

'Cause I got heaven in my head
I got heaven in my head
I got peace on earth without going in the dirt
I got heaven in my head
(I got heaven in my head)
I got heaven in my head
(I got heaven in my head)
You can have it when you're gone
But I just can't wait that long
I got heaven in my head

Heaven heaven heaven, oh
Heaven heaven heaven, oh
Heaven heaven heaven heaven

The story's all the same
They bury you in shame
Tell you you'd be perfect if you changed
But that's just the first act
You try to make them clap
Learn to play the part 'til you can't go back

But love is what you are
Love is what they need
Give it to them baby, baby please
You know what they say
"Heaven's far away"
But maybe, baby, heaven's just a mind state

And it's alright
It's alright
It's alright in me
(It's all gonna be)
It's alright
It's alright
It's alright in me

'Cause I got heaven in my head
I got heaven in my head
I got peace on earth without going in the dirt
I got heaven in my head
(I got heaven in my head)
I got heaven in my head

(I got heaven in my head)
You can have it when you're gone
But I just can't wait that long
I got heaven in my head

Heaven heaven heaven, oh
Heaven heaven heaven, oh
Heaven heaven heaven heaven
Heaven heaven heaven, oh
Heaven heaven heaven, oh
Heaven heaven heaven heaven

I believe in you
Yes I do
I believe in you
Yes I do

Heaven heaven heaven, oh
Heaven heaven heaven, oh
Heaven heaven heaven heaven

I believe in you
Yes I do
I believe in you

Heaven heaven heaven, oh
Heaven heaven heaven, oh
Heaven heaven heaven heaven

'Cause the gate is narrow and the path is hard that leads to life and those
who find it are few
But I believe in you
I always do
I do, I do
I always do
I do
