

# Sanctuary

Jake Wesley Rogers

I tried to drown it in dark water  
I tried to burn it with fire  
I've always been a runner  
I've never been a hider

I got all I can carry  
I would walk for miles, miles, miles  
Just to find my sanctuary  
Won't be for a while while while

My old refuge in the thunder  
Don't feel like home any longer  
I search for the boughs of a shelter  
Oh, til these tired feet falter

I got all iI can carry  
I would walk for miles, miles, miles  
Just to find my sanctuary  
Won't be for a while while while

My sanctuary  
My crystalline  
Save me in perfect time  
My sanctuary  
My fortify  
Running into the light

Yeah  
I got all I can carry  
I would walk for miles, miles, miles  
Just to find my sanctuary  
Won't be for a while while while

I got all I can carry  
I would walk for miles, miles, miles  
Just to find my sanctuary  
Won't be for a while while while

My sanctuary  
My crystalline  
Save me in perfect time  
My sanctuary  
My fortify  
Running into the light
