

Miss You In The Moonlight

Jake Zyrus

I've been so lonely
So far from you
Man these rainy days
Do get to you
I can't even remember
What it's like in a sunny day
Please come back to me
I I I

I miss you
In the moonlight
I miss you
In the sunshine
I miss you
By my side
Everyday
Oh oh oh

I hear your whispers
Those I love you"s
Sometimes I didn't listen
Im sorry 'bout that too
It broke my heart in pieces
When you moved away
Please come back to me
I I I

I miss you
In the moonlight
I miss you
In the sunshine
I miss you
By my side
Everyday
Oh oh oh

I miss you
In the moonlight
I miss you
In the sunshine
I miss you
By my side
Everyday
Oh oh oh
