

# Find Me

Jamala

This day is so cold  
Nobody has called  
My door's open wide  
But no one can find

I need you this day  
To come and to stay  
Your lips are so fine  
Give shelter to mine

Find me, find me, call me in no time  
Be honest or lie

You are far away  
But hear what I say  
Fill me with your tune  
Hide me behind you

I want it so much  
Your voice and your touch  
To know that your line  
Is totally mine

Find me, find me, call me in no time  
Be honest or lie

Hide me, hide me  
Deep in your heart  
Wherever you are

This day is so cold  
Nobody has called  
My door's open wide  
But no one, no one can find  
Find me, I need you to stay  
To come and to stay  
Find me, find me  
Find me call me in no time  
Be honest or lie  
Hide me deep in your heart  
Wherever, wherever you are  
Find me, I want it so much  
Your voice in your touch  
Find me, find me, find me

Find me, find me, call me in no time  
Be honest or lie  
Be honest, be honest or lie

Call me in no time  
Be honest or lie

Hide me, hide me  
Deep in your heart  
Wherever you are
