

In My Shoes

Jamala

Oh, could you, baby
After cry night
To smile so fabulous?
Oh, could you, baby
Smile at the wolf, but
Keep screaming at the mouse?

Be strong to cope with your heart
And love and all?
Do as ladies first? Oh!

To be my baby, try walking in my shoes
I want you feel, I need you feel like me
I won't you be, my baby in my shoes
I want you feel, i need you feel like me

To be my baby, try walking in my shoes
I want you feel, I need you feel like me
I won't you be, my baby in my shoes
I want you feel, i need you feel like me, ha

Oh, could you, baby
With your head lost
Still don't forget the pill? Hm, yeah baby
So would you, baby
Adore the soft toys
Tho' that is just unreal

Cry: "Baby, yes!" with your heart
But still say: "No!"
And make up your nose? Oh!

To be my baby, try walking in my shoes
I want you feel, I need you feel like me
I won't you be, my baby in my shoes
I want you feel, i need you feel like me

I won't you be, my baby in my shoes
I want you feel, I need you feel like me
I won't you be, my baby in my shoes
I want you feel, i need you feel like me

To be my baby, try walking in my shoes, in my shoes
To be my baby, try walking, try walking

To be my baby, try walking in my shoes
I want you feel, I need you feel like me
I won't you be, my baby in my shoes
I want you feel, i need you feel like me

I won't you be, my baby in my shoes
I want you feel, I need you feel
I want you feel, i need you feel like me, baby
To be my baby! Eh!

I won't you be, my baby in my shoes
I want you feel, i need you feel like me

To be my baby, try walking in my shoes
