

Like A Hero

Jamala

Wading deep in your sleep
Trying to find an exit
To a world bright and bold
Wake up now, find your true story

Nobody's gonna bring you down
You keep on rising from ashes
Nobodies will not rule your world
Your destiny is untold

Like a hero
Be the truth
Don't be scared to show it off
Like a hero
Face your truth
Be the fire from above

Like a hero
Be the truth
Don't be scared to show it off
Like a hero
Face your truth
Be the fire from above
Like a hero

Raise your voice, drown their noise
Break the lies, you're in control
Of your fate, let them hate
Don't fall back, tell your true story

Nobody's gonna bring you down
You keep on rising from ashes
Nobodies will not rule your world
Your destiny is untold

Like a hero
Be the truth
Don't be scared to show it off
Like a hero
Face your truth
Be the fire from above

Like a hero
Be the truth
Don't be scared to show it off
Like a hero
Face your truth
Be the fire from above

Like a hero
Raise your voice
Face your truth
To our world

Nobody's gonna bring you down
You keep on rising from ashes
Nobodies will not rule your world

Your destiny is untold

Like a hero
Be the truth
Don't be scared to show it off
Like a hero
Face your truth
Be the fire from above

Like a hero
Be the truth
Don't be scared to show it off
Like a hero
Face your truth
Be the fire from above
