

4000 Miles

James Arthur

Yeah

I'm four thousand miles away
I see you talk, I don't hear what you say
I'm in the dark, help me reach it
I'm four thousand miles away
Drownin' in the champagne supernova
I'll just sit here getting wasted in my Rover
I don't wanna start something 'cause we know how it ends
I don't want to hear, that shit just makes me sober

In my mind, in my mind, in my mind
I'm just prayin' that I find a light
Try and break me and bruise me inside
In my mind, in my mind, in my mind

I'm four thousand miles away
I see you talk, I don't hear what you say
I'm in the dark, help me reach it
In my mind, in my mind
I'm four thousand miles
Four thousand miles
Four thousand miles
Four thousand miles

If I pour whiskey in your water, would you drink it?
If I say you can fuck me over, are you tempted?
I don't wanna knock about with your placebo friends, no
So throw me off this ship before you sink, yeah

In my mind, in my mind, in my mind
I've been prayin' that I find a light
You can break me and bruise me inside
In my mind, in my mind, in my mind

I'm four thousand miles away
I see you talk, I don't hear what you say
I'm in the dark, help me reach it
I'm four thousand miles
I'm four thousand miles
Four thousand miles
Four thousand miles
I'm four thousand miles

Don't call my house, whiskey, black out
Smoke up, pass out, wake up, dry mouth
Don't call my house, whiskey, black out
Smoke up, pass out, wake up

I'm four thousand miles
Four thousand miles
Four thousand miles
Four thousand miles away
