

ADHD

James Arthur

It's in the way that you laugh
It's in the way that you cry
I never seen a pair of eyes
Light up the sky
It's in the way that you smile
It's always perfectly timed
Your very essence redefines
How I look at life

You threw me a party on Saturday
But you know I don't know how to celebrate
Dancin' to 'Isn't she lovely'
Where did you learn how to love me, 'cause I've got a

Black heart that I wear on my sleeve
Old flames still messaging me
Between that and the ADHD
You should run a mile
Held back by the weight of my past
I'm a walking red flag
Why don't you leave?
'Cause you said, "Shut your mouth and kiss me"

It's in the way that you're unfazed
By all the bullshit they say
And you correct them when they lie
My little alibi

And show me where the light is and I'll deny it
'Cause I'm afraid to live, I'm not scared of dying
Abandonment issues get ugly
Does that make it harder to love me, oh?

Black heart that I wear on my sleeve
Old flames still messaging me
Between that and the ADHD
You should run a mile
You should run a mile
Held back by the weight of my past
I'm a walking red flag
Why don't you leave?
'Cause you said, "Shut your mouth and kiss me"

Kiss me
Kiss me
Why don't you kiss me?

Held back by the weight of my past
I'm a walking red flag
Why don't you leave?
You said, "Shut your mouth"

Hey
Oh well, you better
Whoo!
And you said
One, two, three, four

Kiss me
Kiss me
Kiss me
Why don't you kiss me?
Why don't you kiss me?
Kiss me
Kiss me
Kiss me
